Recognition**

ACCREDITED IN 2016

2016 WASC VISITING COMMITTEE COMMENTS

"OPA has documented very high achievement levels for all of its students across the board and the school has ensured that all students receive support and acceleration as needed to minimally demonstrate proficiency."

"Oxford Preparatory Academy has extensive records in all necessary areas and is transparent in its planning and operational issues through the meetings agendas, and minutes of the Corporate Board of Directors. All administrators and leadership staff are knowledgeable about the school's plans and processes."

"The visiting committee found that thoughtful consideration of the school goals and student needs form the basis for resource allocation at the school. During the visit the school opened a new band room and was in process of completing a new library. Full sized basketball courts had recently been installed and a school musical with sound system, portable microphones, full costumes and a well-developed schedule of performances was occurring. All of these reflected the school's commitment to its program."

"OPA has a documented history of policies, procedures and internal controls for managing its financial operations. These are reported as required by state law, accepted audit practices and ethical standards. Successful implementation of the school's philosophy and maintaining high quality in all categories is a priority for the school."

2015-2016 CAASPP RESULTS

OXFORD PREPARATORY ACADEMY-CHINO VALLEY

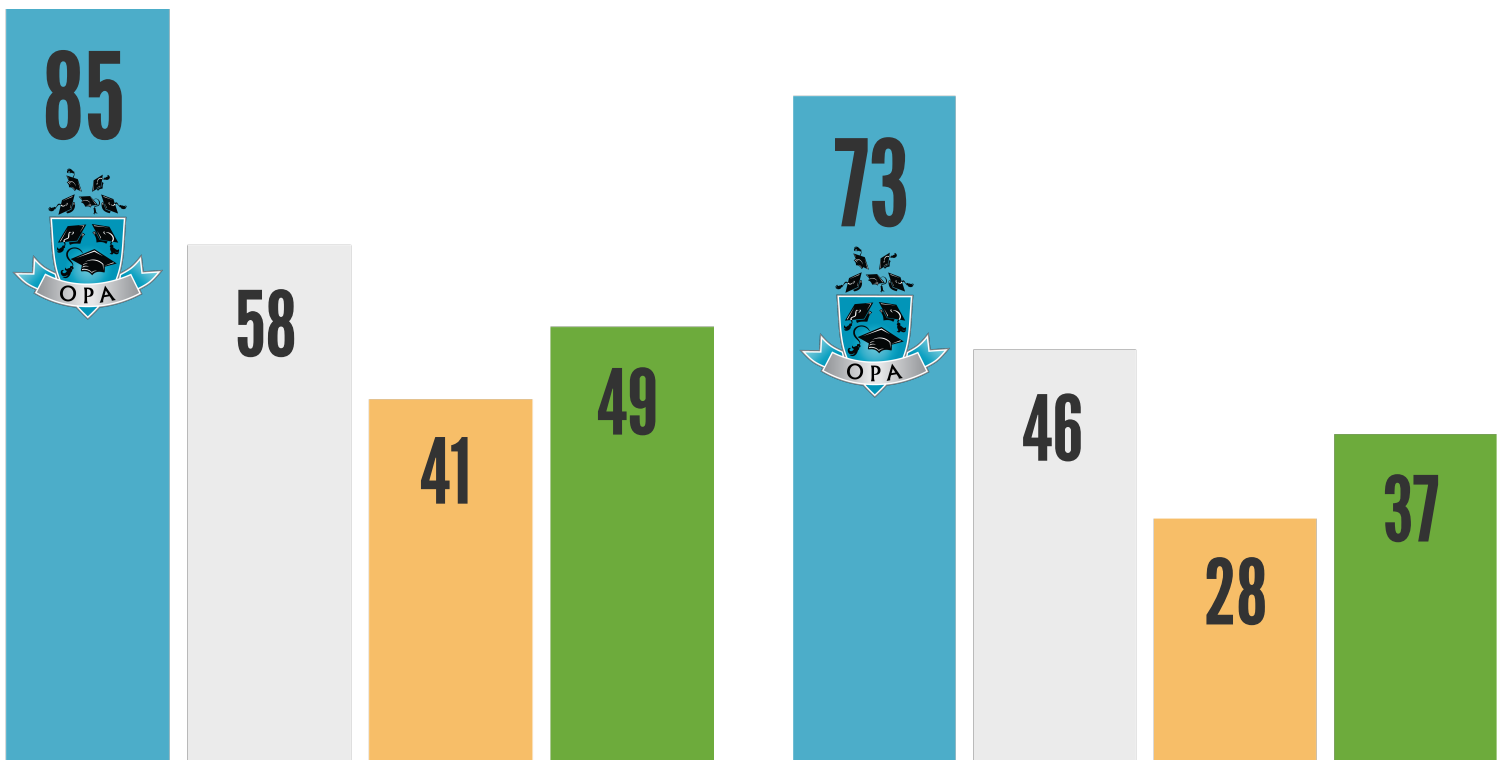

#1 K-8 Public School in San Bernardino County!

HIGH ACADEMIC ACHIEVEMENT

In its first year of California State Testing, with a diverse population of over 950 students, OPA-Chino Valley achieved an Academic Performance Index (API) score of 957, the top score in San Bernardino County. The school API increased to 972 in 2012, remaining the top scoring school in the county. OPA-Chino Valley obtained a Statewide and Similar Schools Ranking of 10 for every year of eligibility, the highest achievable mark for each ranking.

The Civic Learning Award program recognizes the important role of public schools in preparing students for participation in our democracy.

OPA-CHINO VALLEY EARNED THIS AWARD IN 2015-2016 DUE TO OUR ENGAGEMENT IN THESE THREE LEARNING OPPORTUNITIES:

LIVING HISTORY PROGRAMS

While history is a significant component of Oxford Preparatory Academy's curriculum, the Living Museum and Walk Through programs contribute deeply to civic learning. Through the use of their multiple intelligences, our students are transported back in time to witness the people and events that made an impact in forming our state, our country, and influential societies of the past.

[Living Museum](#), [Walk Through California History](#), [Walk Through The American Revolution](#), [Walk Through The Ancient World](#)

STUDY OF CURRENT EVENTS

Students in grades four to eight participate in discussions, debates, and critical thinking around current events multiple times a week at OPA. The most common avenue through which students undertake this endeavor are the websites NewsELA and CNN Student News.

[NewsELA](#), [CNN Student News](#)

SERVICE LEARNING

Service learning is integrated both on a school-wide basis as well as in individual classrooms to ensure that students have multiple communities with which to interact and better understand.
